A Study of the Toyota Production System Mar 07 2021

This is the "green book" that started it all -- the first book in English on JIT, written from the engineer's viewpoint. When Omark Industries bought 500 copies and studied it companywide, Omark became the American pioneer in JIT. Here is Dr. Shingo's classic industrial engineering rationale for the priority of process-based over operational improvements in manufacturing. He explains the basic mechanisms of the Toyota production system, examines production as a functional network of processes and operations, and then discusses the mechanism necessary to make JIT possible in any manufacturing plant. Provides original source material on Just-In-Time Demonstrates new ways to think about profit, inventory, waste, and productivity Explains the principles of leveling, standard work procedures, multi-machine handling, supplier relations, and much more If you are a serious student of manufacturing, you will benefit greatly from reading this primary resource on the powerful fundamentals of JIT.

The Evolution of a Manufacturing System at Toyota Jun 29 2020

What is the true source of a firm's long-term competitive advantage in manufacturing? Through original field studies, historical research, and statistical analyses, this book shows how Toyota Motor Corporation, one of the

world's largest automobile companies, built distinctive capabilities in production, product development, and supplier management. Fujimoto asserts that it is Toyota's evolutionary learning capability that gives the company its advantage and demonstrates how this learning is put to use in daily work.

Journey Thru America - My Quest for Peace - Volume One

Jul 31 2020 Travelling the back roads across America in 2001/2002 on a seven month, eighteen thousand mile journey brought out survival instincts and a perception of life in Gary that we all possess and rarely experience in this modern world that we live. The result is clearly written in Journey Thru America My Quest for Peace Volume One, in which Gary describes his incredible journey in such a way that the reader experiences the excitement and travelling as if they are experiencing it themselves. Gary speaks his mind of America and American people that is controversial at times and thought provoking.
